TB8100 Alternative to T800 PA Obsolescence

TCI have developed a method of mounting TB8100 50W PA's in 5U T800 racks. This was to help a specific customer who could no longer order obsolete T889's.

If you have T838, T858 or T889 customers looking for alternative power amplifiers to fit in their T800 racks, please contact SST.

Code	Description
TA2563-10B	TB8100 50W PA 136-174M for T800 SI Rack
TA2563-10H	TB8100 50W PA 400-520M for T800 SI Rack
TA2563-10K	TB8100 50W PA 762-869M for T800 SI Rack
TA2563-20B	TB8100 50W PA 136-174M for T800 SII Rack
